24/7 Information about Listed Companies

The Nigerian Stock Exchange is committed to bridging the information gap between the exchange and market participants, knowing that the stock market thrives on information. The NSE makes announcements, annual financial reports, quarterly financial reports, trading statistics, report of unscheduled material events or corporate changes and other information about the operations of publicly traded companies available to stakeholder on its website. Some market data are also disseminated to market participants through the NSE's trading platform, X-GEN as well as a growing list of authorized data vendors.

The first port of call for information on NSE's-listed companies is our website (www.nse.com.ng). Brokers and other market participants connected to our trading platform also receive such information via their trading workstations between 10:30am and 2:30pm, Monday through Friday, excluding public holidays.
