The Nigerian Stock Exchange ("NSE" or "The Exchange") recognizes its crucial role in supporting economic growth by ensuring an efficient and sustainable capital market.

This role also includes its commitment and responsibility in delivering a sustainable organisation through responsible financial and investment services, sustainable business practices, engaged and talented people, community contributions and environmental stewardship.

In 2013, we established a CSR/Sustainability Department and commenced the implementation of policies and procedures that will align our business strategy with good corporate citizenship.

• This led to the launch of the Corporate Governance Rating System (CGRS) which marked the beginning of a new era in market transparency and a new model for 21st century corporate reporting in Nigeria, and in Africa.

• The CGRS serves as a platform for listed companies to demonstrate their commitment to responsible corporate practices.

• It is designed to evaluate companies based on the quality of their corporate integrity; corporate compliance with governance rules; understanding of fiduciary responsibilities by directors and corporate reputation.

• The pilot phase held in 2014 was voluntary and top ranked companies were recognised and awarded.

• Participation in CGRS from 2015 is mandatory for all companies listed on the Premium Board at The Nigerian Stock Exchange.

• ASeM initiative supports the eradication of poverty and hunger by supporting and encouraging entrepreneurship, which in turn creates employment and impacts positively on the entire economy of the nation.

• ASeM offers less stringent listing requirements, aimed at attracting SMEs suitable to access the capital market.

• Alternative Securities Market (ASeM), NSE has assisted over 12 SMEs with over 5,000 employees to raise capital.

• In 2014 alone, companies were able to raise N1.65b.

• In same year, the NSE reached about 100 companies through workshops, about 320 companies at road shows and held ASEM programmes at over 12 conferences with average attendance of 500 delegates.
